Britain Needs Jesus!

In Britain today there is an urgent need to mobilize more evangelistic labourers to sow the seed of the gospel and to gather the spiritual harvest. Jesus said that the harvest is plentiful and ripe and indeed it is. We need to rise up and go into the harvest and support, encourage and train one another to do so.

Arise is an exciting evangelism campaign for this purpose, providing inspiration, training and mobilised people to work together to share the Gospel with communities across the UK. Building on from the successful outreach programmes since 2015, we invite you to Arise 2023! Whether you are able to come as part of a team from your church or as an individual, we'd love to welcome you, train you and see you sharing Jesus publicly and from house to house in the UK.

Arise to sow the seed of the gospel, trusting that the word of God we sow would never return empty!

Please contact us to express your interest in this campaign.
Bookings open at the end of January 2023.

Cost: £200. Accommodation, food and transport will be covered between the afternoon of the 26th June and the evening of the 3rd July. Flights to the UK and accommodation before or after the Arise week need to be arranged and covered privately. The orientation and celebration at the beginning and end of the week is about 35minutes from London Heathrow and is only 30minutes from the centre of London.

Dr Daniel Chae (Executive Director, Amnos Ministries)

Stephen Walker-Williams (Arise Campaign Director)
